PLW

TROLLEYS

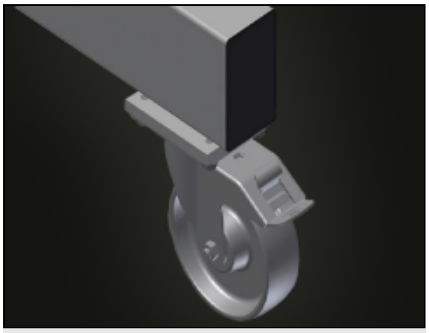

Trolley for storage and transportation of profiles. Stable steel construction. Trolley for transportation and storage of profile bars before and after cutting. Well-organised storage provides quick access. Ideal transportation option for curtain wall construction. The trolley can also be used as a mobile intermediate storage area, for example, before moving onward to the double mitre saw or machining centre. Profile support arms can be adjusted. Profile supports with rubber surface. Four swivel castors, two of which with locking stop.

Casters

Four casters, two of which have a fixing brake, provide a high degree of mobility and easy, safe handling

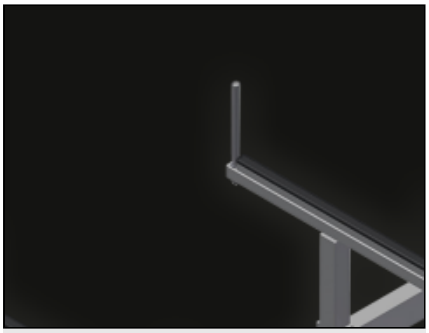

Supporting surfaces

Supporting surfaces clad with rubber protect profiles from damage

Guards with plastic protector

Vertical guards with plastic protectors protect the profiles from damage and prevent them from slipping off

Profile support

Profile supports can be adjusted
